

Diversity, Equity and Inclusion Policy

A policy approved by the [Executive & Governance Committee](#)

Approval date: September 5, 2023

Effective date: September 5, 2023

I. Philosophy

The Federal Home Loan Bank of Dallas (“Bank”) is committed to creating a culture that highly values the input and well-being of its employees and recognizes that organizational success is possible only when it is the shared responsibility of every employee. A commitment to diversity, equity, and inclusion will enable the Bank to: (1) foster sharing of ideas from people with different backgrounds and perspectives; (2) attract and retain the best candidates from the labor pool (for employees and Board of Directors); (3) align the Bank’s programs (e.g. community investment offerings, employee affinity groups) with assisting the needs of diverse populations (4) engage everyone to perform at their best; and (5) provide additional opportunities for diverse business partners.

The Bank complies with 12 CFR 1223, as promulgated by the Federal Housing Finance Agency (the “FHFA” or “Agency”), which implements Section 1116 of the Housing and Economic Recovery Act of 2008, and promotes non-discrimination, diversity and, at a minimum, the inclusion of women, Minorities, and individuals with Disabilities, and Minority-, Women-, and Disabled-Owned Businesses (collectively called “MWDOB”) at all levels, in management and employment including the Bank’s Board of Directors, in all business and activities, and in all contracts for services of any kind, including services that require the services of investment banking, asset management entities, broker-dealers, financial services entities, underwriters, accountants, investment consultants, and providers of legal services.

The Bank also recognizes the value of ensuring the inclusion of MWDOB in the third-party supplier (“Vendor”) selection process and is dedicated to promoting safe and sound practices in the selection, ongoing management, and periodic assessment of vendors with whom the Bank enters into a relationship. Vendor relationships are established as a way for the Bank to access certain products and services without the need of developing them in-house. Such relationships can benefit the Bank through reduced costs, improved performance, and access to superior knowledge while providing adequate support for the Bank’s business needs.

This policy addresses: (i) the Bank’s commitment to the inclusion and utilization of Minorities, women, individuals with Disabilities, and MWDOB in its workforce (including the Board of Directors) and its Business Activities; and (ii) the Bank’s establishment of the Office of Minority and Women Inclusion (the “OMWI”).

II. Definitions

“Business Activities” means operational, commercial, and economic endeavors of any kind, whether for profit or not for profit and whether regularly or irregularly engaged in by a regulated entity or the Office of Finance, and includes, but is not limited to, management of the regulated entity or the Office of Finance, employment, procurement, insurance, and all types of contracts, including contracts for the issuance or guarantee of any debt, equity, or mortgage-related securities, the management of mortgage and securities portfolios, the making of equity investments, the purchase, sale and servicing of single- and multifamily mortgage loans, and the implementation of affordable housing or community investment programs and initiatives.

“Disability” has the same meaning given to such term in 29 CFR 1630.2(g) and 1630.3 and Appendix to Part 1630-Interpretive Guidance on Title I of the Americans with Disabilities Act.

“Disabled-Owned Business” means a business, including, but not limited to, financial institutions, firms engaged in mortgage banking, investment banking, financial services, asset management, investment consultants or advisors, underwriters, accountants, brokers, broker-dealers, and providers of legal services which are qualified as a Service-Disabled Veteran-Owned Small Business Concern as defined in 13 CFR 125.8 through 125.13; or where more than 50 percent of the ownership or control is held, directly or indirectly, by one or more persons with a Disability; and where more than 50 percent of the net profit or loss of which accrues to one or more persons with a disability.

“Diverse Vendor” means a vendor who is a minority, disabled or woman and includes any business owned by such individuals, as defined in 12 CFR 1223 – Minority and Women Inclusion.

“Diversity” is the presence of differences that may include race, gender, religion, sexual orientation, ethnicity, nationality, socioeconomic status, disability, age, religious commitment, or political perspective. It includes populations that are underrepresented in the broader society i.e., Minorities, women, individuals with Disabilities and MWDOBs.

“Diversity Equity & Inclusion (DEI) Strategic Planning” is the process of analyzing the business and activities of a regulated entity to develop strategies for promoting diversity and ensuring the inclusion of Minorities, women, individuals with disabilities, and MWDOB in all activities and at every level of the organization, including management, employment, and contracting. A DE&I strategic plan serves as the primary means to communicate the Board of Directors’ long-term DE&I vision for the organization, establishes measurable goals and objectives for achieving the vision, and ensures accountability for achieving those goals and objectives.

“Diversity Spend with Non-Diverse-Owned Businesses” means the dollar amount(s) paid by a regulated entity to a prime contractor that is not a minority-, women-, or disabled-owned business for professional services (i.e., the amount paid for work performed, as may be adjusted, in connection with providing legal, accounting, or other professional or consulting services) provided by or allocated to a partner, member, or other equity owner who is a minority, woman, or an individual with a disability.

“Equity” is fair treatment, access, opportunity, and advancement for all people, while at the same time striving to identify and eliminate barriers that have prevented the full participation of some groups.

“Inclusion” refers to having a sense of belonging where all members can participate and achieve to their potential.

“Minority” means any Black (or African) American, Native American (or American Indian), Hispanic (or Latino) American, or Asian American.

“Minority-Owned Business” means a business, including, but is not limited to, financial institutions, firms engaged in mortgage banking, investment banking, financial services, and asset management, investment consultants or advisors, underwriters, accountants, brokers, broker-dealers, and providers of legal services in which more than 50 percent of the ownership or control is held directly or indirectly, by one or more Minority individuals, and more than 50 percent of the net profit or loss of which accrues to one or more minority individuals.

“Non-Diverse Core Systems Vendor” means a vendor who does not qualify as a diverse vendor and is determined by the OMWI Management Subcommittee (“OMS”) to be exempt from the

Bank's OMWI search and selection requirements at the time of contract renewal. In making such a determination, the OMS will consider, among other things, whether the vendor provides goods and/or services that would require significant resources and/or time to replace or provides niche goods or services not readily available through other vendors.

"Tier 2" means a supplier that enters into a contract with a prime contractor of a regulated entity to provide goods and/or services to that prime contractor for the benefit of the regulated entity.

"Vendor" is defined in the Enterprise Vendor Risk Management Policy

"Vendor Owner" is defined in the Enterprise Vendor Risk Management Policy

"Women-Owned Business" means a business, including, but is not limited to, financial institutions, firms engaged in mortgage banking, investment banking, financial services, and asset management, investment consultants or advisors, underwriters, accountants, brokers, broker-dealers, and providers of legal services in which more than 50 percent of the ownership or control is held, directly or indirectly, by one or more women, and more than 50 percent of the net profit or loss of which accrues to one or more women.
