## Affordable Housing Program Questions and Answers

**Q. Why does the Bank require documentation before releasing subsidy funds?**

A. In order to determine that subsidy recipients are eligible for AHP funds and to reduce the potential for recapture of funds from our members, we require documentation of pass-through of AHP funds, evidence of acceptable long-term retention documentation, and independent verification of income on each prospective AHP funds recipient.

**Q. Can a homebuyer receive cash-back at closing?**

A. No. This is strictly prohibited and may result in the recapture of the subsidy. The reimbursement of deposit or earnest money is considered cash-back and is prohibited.

**Q. Are you concerned with the date of the income documentation?**

A. Some income documentation, such as paychecks and verification of employment letters, must be dated within 3 months prior to the date the household was income qualified to participate in the Project. Please refer to the Verification of Income form in this Funding Manual to determine acceptable income documentation.

**Q. How do you calculate income?**

A. There are several acceptable methods of calculating income depending upon the source of income and the income documentation. For wage earners, the preferred method is a calculation of annualized income utilizing the Income Calculation Tool that is available on our website under the Owner-Occupied Funding Manual. Please contact our office if you have questions on how to calculate the income.

**Q. Can I include food stamps in calculating income?**

A. No. Food stamps are not considered taxable income. Please refer to the Guidelines for Determining Income Eligibility included as Attachment G to the Bank's Affordable Housing Program Implementation Plan for guidelines on what should and should not be included in income.

**Q. How do you calculate income for seasonal workers?**

A. We use the previous year's W-2s or signed tax returns.

**Q. How does the Bank average an applicant's overtime?**

A. We use the applicant's year-to-date overtime and average it over a 52-week period. If the applicant is not expected to work additional overtime, we will need documentation from the employer. We will then add the overtime to his/her regular gross income.

**Q. How is the household size determined?**

A. Any individual who is currently and permanently residing in the household at the time of income qualification must be included and listed on the Household Income Certification along with his or her income, if applicable. A pregnant woman would be counted as two within the household size.

**Q. Does the Bank have a standard retention document?**

A. No. In order to allow our members and project sponsors as much flexibility as possible, we only provide sample documents. These documents can be modified as needed to fit the specific situation as long as they include our required regulatory language. If your retention document will differ substantially from the Bank's sample retention documents, please contact the Bank at 800.362.2944.

**Q. Does the retention document have to be recorded prior to receiving AHP funds?**

A. No. We will accept a preliminary document. However, we will require a copy of the signed and legally recorded document (as applicable) within 60 days after the Bank's disbursement of funds to the member. Failure to provide the retention documentation in the time required may result in a delay of future fundings and/or a recapture of prior disbursed funds related to the deficient document(s).

**Q. Do I have to close on the loan prior to receiving AHP funds?**

A. No. We will accept a Loan Estimate with substantially the same information that would be included in a Closing Disclosure to disburse the funds but will require the Closing Disclosure within 30 days of the Bank's disbursement of funds to the member. Failure to provide the final documentation in the time required may result in a delay of future fundings and/or a recapture of prior disbursed funds related to the deficient document(s).

**Q. Why are pre- and post-inspections of the rehabilitation work required?**

A. The pre-rehabilitation and post-rehabilitation inspection requirements have been implemented to mitigate the risk of fraud from unscrupulous contractors and from defective work and are intended to protect the homeowners, members and sponsors from claims of incomplete work or shoddy workmanship. The Bank does not have a prescribed inspection report, so the inspector may use their own report format. However, the pre-rehabilitation inspection report must contain the specific items that require modification/rehabilitation or confirm an attached scope of work. In addition, the post-rehabilitation inspection report must confirm that the original scope of work was completed in an acceptable manner. The sponsor can charge a developer's fee; please see the applicable developer fee parameters based on the year of project approval. **Both inspections must include photos.**

**Q. Who can perform the inspections?**

A. The inspections must be conducted by an independent third party selected by the member. Unless the sponsor is a government-controlled entity, the third-party inspector must not be related to the sponsor. In addition, we recommend that the same inspector conduct both the pre- and post- inspections for a given project.

**Q. How will I know if a funding request is approved?**

A. Upon approval, an email will be sent to the project's member contact.

**Q. How will the member institution receive funding after a request for funds has been approved?**

A. We will credit the member's DDA account in the amount approved.

## Affordable Housing Program AHP Needs Analysis Worksheet

(This worksheet is only required for Habitat for Humanity Projects)

A Needs Analysis Worksheet is required for owner-occupied AHP new-construction projects involving primarily sweat equity, in-kind donations, volunteer professional labor and services, and sponsor-provided low-interest permanent financing. This worksheet is to be completed for Habitat for Humanity projects and by any other sponsors whose projects demonstrate characteristics similar to Habitat for Humanity.

Following are the instructions for completing the AHP Need Analysis Worksheet. An Excel version of the Needs Analysis Worksheet is available on our website, which produces automated calculation upon data input ([fhlb.com/resourcecenter/Pages/Guides-and-Forms.aspx](http://fhlb.com/resourcecenter/Pages/Guides-and-Forms.aspx)).

### Section A

Please provide the project number, name of the Member institution, sponsor name and the name of the project.

### Section B

The Market Rate is assigned by the Bank. This rate will be the Community Investment Program (CIP) rate plus 300 basis points. Please contact the Community Investment Department for the appropriate rate to be used for your project.

- A) Mortgage Amount - the proposed first mortgage loan amount for the subject home.
- B) Mortgage Term - the mortgage term in number of months.
- C) Mortgage Rate - the mortgage interest rate to be charged.

- K) Cash Contributions/Fundraising - represents the amount of cash the sponsor has on hand to be used for this project (i.e. payments from existing mortgages, funds raised through various events).

- M) Sponsorships - funds received from any foundations, corporations, individuals, government agencies, etc., sponsoring the house(s) being built.
- N) Cash Value of Mortgage - equals the Net Present Value of Below Market Rate Mortgage (e) from Section B above.
