**Starting May 20: A New Look for  
the Community Programs Pages  
on [fhlb.com](https://fhlb.com)**

We are excited to announce enhancements to our Community Programs pages on [fhlb.com](https://fhlb.com). These redesigned pages feature a fresh design, improved navigation and new functionality aimed at providing you with an even better user experience.

### **Improved Navigation**

We've reorganized and renamed some of our menu items aimed at helping you quickly navigate to the topics and programs you care about. Our Community Investment programs are now housed under four categories:

- Homeownership and Homebuyer Programs
- Disaster Recovery Assistance Programs
- Community and Economic Development Programs  
Affordable Housing Program

### **New Features**

We've given our community investment [program pages](#) a fresh look with success stories shared throughout, dedicated tabs geared toward members and other stakeholders that clearly outline how to apply and a dedicated resources page for each program that includes all the forms and documents you need.

You may also browse the new [content library](#) where you can search for success stories, recorded webinars, videos and podcasts by program and state.

As we continue to refine and optimize our online presence, we'd love your feedback. Your input is invaluable as we strive to create an even better experience for our users. Contact us at [communications@fhlb.com](mailto:communications@fhlb.com).
